

# AFRILINE CIVILS

Reference Number	AFRI_POL_001
Implementation Date	11.01.2016
Revision / Amendment Number	2
Revision / Amendment Date	08/12/2022

## ENVIRONMENTAL POLICY

## ENVIRONMENTAL POLICY

We have made it part of our mission to protect the environment, specifically on projects Afriline Civils are involved in.

Afriline Civils accepts that it must work to preserve the environmental sustainability of the planet, at all levels of its operations – in its own practice and as a participant in community development.

We are fully committed to the effective management of our projects which may influence the Environment by:

- Providing a safe and healthful workplace;
- Having an environmentally sustainable aware culture, where responsibility is assigned and understood;
- Being an environmentally responsible neighbour in our community;
- Conserving natural resources by reusing and recycling;
- Using, in our own operations, processes that do not adversely affect the environment;
- Ensuring the responsible use of energy throughout the organisation;
- Participating in efforts to improve environmental protection and understanding;
- Taking steps to improve environmental performance continually;
- Conducting rigorous audits, evaluations, and self-assessments of the implementation of this policy;
- Working with suppliers who promote sound environmental practices; and
- Enhancing awareness among our employees – educating and motivating them to act in an environmentally responsible manner.

All employees are responsible for working towards the objectives contained within this policy.

Yours Sincerely,

GENERAL MANAGER

8 December 2022
